## Features

The Spectacular design of the TBD705124 lightbar from Senken re-imagines what an emergency lightbar should be.

- It's special design, appearance and performance all perfectly fulfil the needs of the high end requirements of the emergency lightbar, suitable for both European and American market.
- Safer and well communication with other vehicles. Multiple modules available.( Take down module, brake module, turning light module and traffic director module etc).
- Solid design and heavy usage of aluminum alloy make the lightbar suitable for different police cars, fire trucks and ambulances. Reduce thickness to the maximum extent with 33mm which is the thinnest lightbar in the market.
- Meets all regulatory requirements including ECE R65 and SAE class1. Additionally the lightbar is protected to IP67, ready for whatever it might face in the future.

## Specifications

Model	TBD705124	
Light Characteristics	LED Light source	GEN 3W LED
	LED Quantity	132pcs*3W LED
Electrical Characteristics	Voltage	DC12V/24V
	Max power	300W
Physical characteristics	Color available	Red/blue/white/amber
	Housing color	Slivery
	Working Temperature	-40℃ ~ +70℃
	Mounting way	Permanent/ Magnet
	Flash patterns	45 types
Product dimension	Product dimension :L*W*H: 1163mm*338mm*110mm Package dimension: 1235mm*405mm*166mm	
Accessories	4m length of 4 core wire
