POLICE BODY CAMERA

SENKEN Body Worn Camera DSJ-B6 upgrade version provides law enforcement and security personnel with true Super HD 1296P video recording capabilities, and one-touch recording and activation. When worn on the front of a uniform, a 128 degree wide-angle lens captures an undistorted and full forensic view for accurate information gathering and analysis. Featuring a 16G, 32G or 64 GB internal memory, pre-record buffering, evidence tagging, and integrated IR LEDs for night vision, the body camera is equipped to perform in any environment.

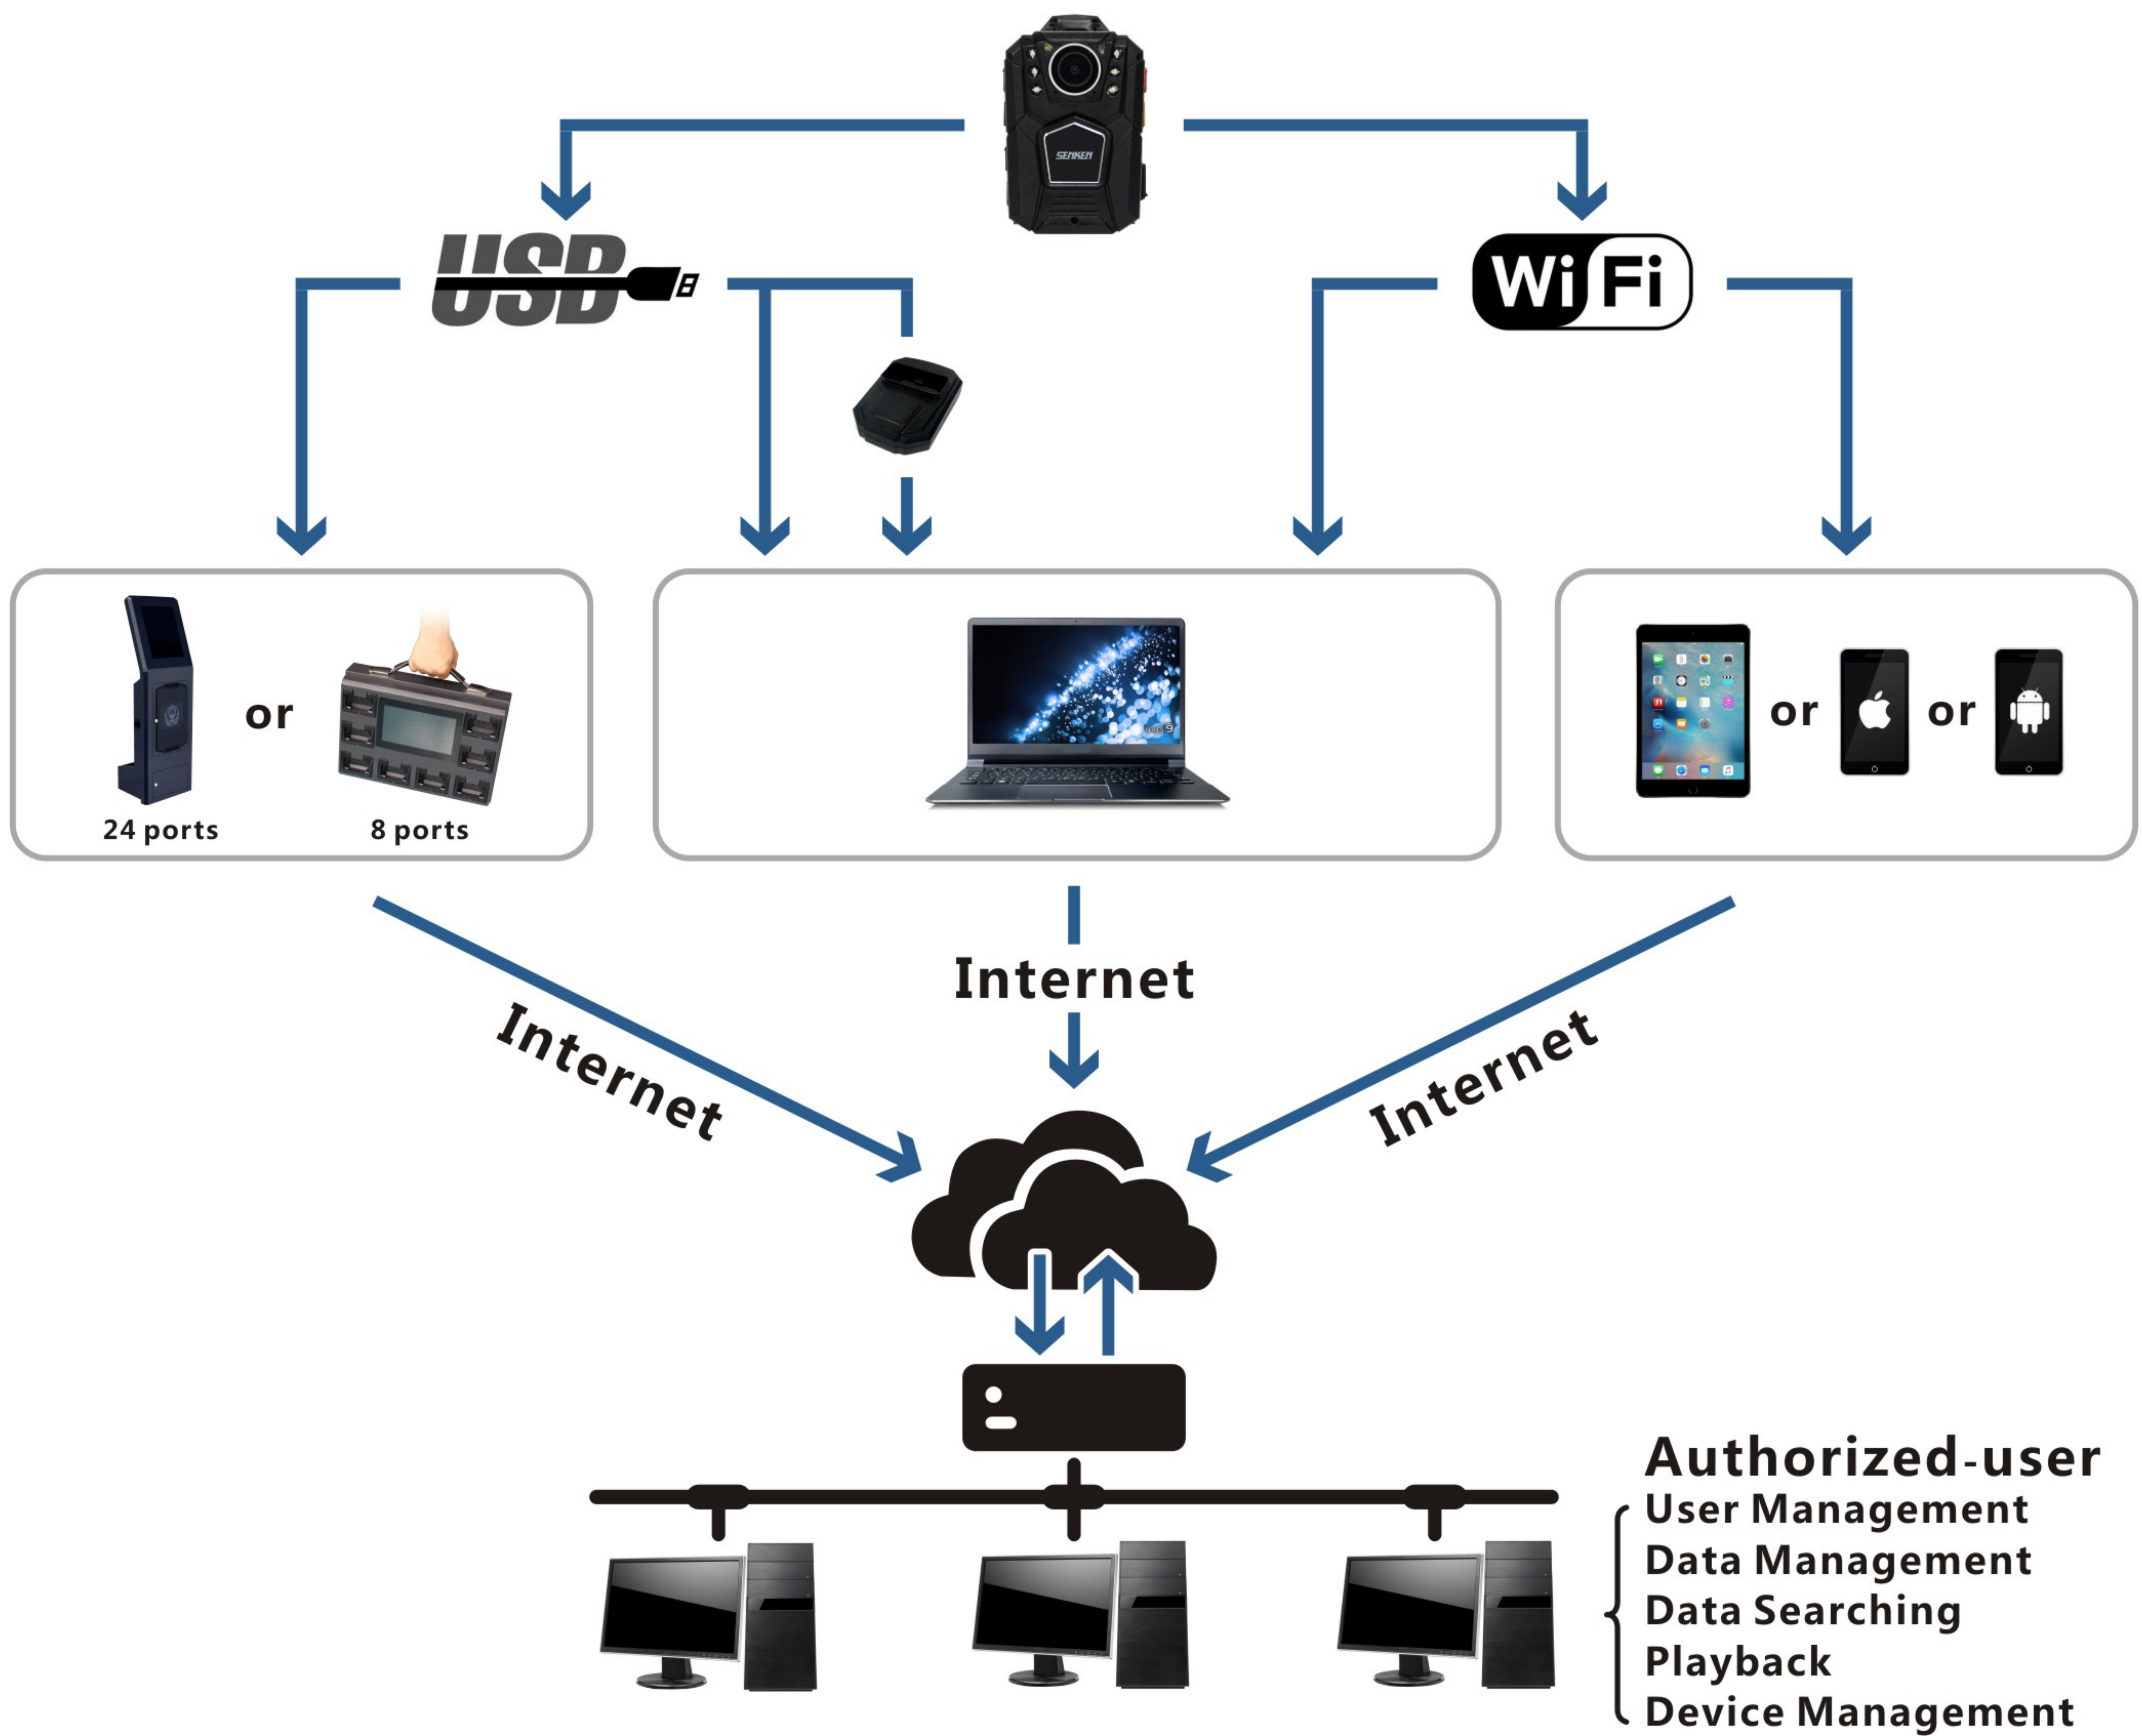

WIFI version DSJ-B6: It is a camera but beyond a camera. The hardware support full wireless connectivity for streaming and integration with the industry-leading suit of mobile and cloud applications. It is a scalable version and all upgrade under its chipset are free.
